Certain Jones Co. Families Can Get Free Mattresses

THIS IS IMPORTANT TO UNDERSTAND

Last week the Herald had set in type a notice about Jones County families being entitled to receive FREE mattress materials on Monday of this week. Owing to a crowded condition in the Herald this subject was omitted.

Miss Martin, the County Home Demonstration Agent, was here all day Monday and few if any applications were made, owing to the fact the folks did not know about the proposition.

Notice carefully who is entitled to this mattress materials. Miss Martin will be in Hamlin this Saturday, at the City Hall from 1:30 P. M. to 4:00 P. M. If you or any of your neighbors are entitled to the materials, don't fail to meet Miss Martin during these hours as this is the last day to apply. Note carefully:

The cotton mattress making program now underway in Texas is sponsored by the Extension Service in co-operation with the Federal Surplus Commodities Corporation, the Agricultural Adjustment Administration and other agencies and organizations.

Plans for this mattress program in Jones County were started at a county wide meeting in the court house Friday, April 12th.

Briefly, the program is this — any family having a total income for the calendar year 1939 of not more than \$400, at least one half of which was derived from agricultural occupations is eligible to receive 50 pounds of cotton and 10 yards of ticking for making a mattress. If families are receiving mattresses through other programs, they will not be eligible to receive one in this program.

Application for the mattress material will be taken at the City Hall this Saturday from 1:30 P. M. to 4:00 P. M.

It is necessary that at least 120 rural families be certified by the AAA committee before the program can be started in Jones county. All cotton mattresses in the cotton mattress demonstration will be made in the community centers by the family receiving the assistance of their neighbors.

Notice will be given later as to when mattress making will start.

Mrs. T. A. Young of Dallas spent last week in the Hamlin community visiting her sisters, Mrs. K. T. Scott and Mrs. Leland Scifers.

Hamlin's School Band has just passed down the street. It is one of the best little bands in Texas, considering its age. They are short on but one thing . . . marching. Somebody should offer a prize to the individual who marches the most gracefully and natural. Who likes the "goose-step," anyway?

Announces For Gov.

MIRIAM A. FERGUSON

TO THE PEOPLE OF TEXAS:

After due deliberation and in response to the request of many thousands of voters, residing in all parts of the state, who say that my services are wanted and needed, I have decided to run for Governor.

My record for four years is well known, and I refer to it as evidence of my qualification to fill that important position. If the people want my services, they have a right under the law to elect me, and in such event it becomes my duty to again give my services to the State.

While no good purpose can be served by indulging in criticism of what has or has not been done, yet I believe all the people will agree that the present condition of the state is such as to demand our best thought and action in restoring our people to sanity and our conditions to prosperity. Just now the people are not so much concerned about the personal ambition of somebody to hold office as they are about who can best serve the state in filling the office. I announce the following platform:

I shall use my best effort to carry out the government's objective in carrying out the social security program for the helpless blind, dependent children, teacher's retirement fund and old age pensions. To pay these obligations I suggest a gross receipts tax of one-half of one per cent, less reasonable exemptions within the constitutional provisions that taxation shall be equal and uniform. This is a small tax on the man who sells and not on the man who buys, and it will yield fifty million dollars. I would pay everybody eligible under the constitution without other restrictions. However, these are matters for the Legislature to settle and they will in the future as well as in the past receive my full co-operation.

I would reduce taxation appropriations for current operation of the government twenty-five million dollars, or approximately twenty-five per cent. If the people elect me on this promise, I would consider that I could use the veto power if necessary to accomplish this reduction. High taxes now causing high cost of government must be reduced or trouble will happen.

In addition to the assistance given the aged persons who have reached the age of 65, I would endeavor to remove the discrimination now levied against persons who have now reached the age of 45 while they are yet burdened with the expense of raising their families.

As in the past, I will in the future favor the reasonable demands of organized labor.

I favor the co-operation of state and national aid to tenant farmers on liberal advances at low rates of interest to enable them to purchase homes.

I favor liberal appropriations for the support of our educational institutions, our common schools and institutions of higher learning. If we get our money's worth, let us buy all the education we can pay for.

If the people think I can serve them better than any other candidate, I will use my best efforts to accomplish these things for the weal and welfare of the people.

Hamlin FFA Members Receive Merit Awards

Each and every member of the Hamlin F.F.A. Chapter has received one or more certificates of merits this year. Every member has received a Rope Making certificate, and forty members have been awarded certificates in Establishing Terrace lines.

In order to receive a certificate in Rope Work a member must make a grade of 85 per cent or better on the following work: Tie fifteen different knots, make an eye-splice, a crown splice and short splice, make up the equivalent of one eight pound ball of binder twine into rope and treat 50 feet of rope. Every member of the Chapter has reached this goal. The certificate in Establishing Terrace lines is a difficult one to obtain. One must attain the 85 per cent mark on this work also. One must know all of the principles of running lines and actually run lines on 5 different occasions.

It is one of the Chapter objectives that every member received at least one certificate of merit. This objective has been completed.

Eight F.F.A. Calves Bought At Coleman

On Saturday, April 13, several members of the Hamlin Chapter and their adviser went to Jack Horne's Ranch eleven miles west of Coleman and purchased eight nice calves.

These calves averaged two hundred and twenty-five pounds. The largest of the eight weighed three hundred and twenty-five pounds and the smallest one hundred and eighty pounds. These calves were purchased at a price of thirty five dollars per head. The following boys have the calves on feed: S. C. Ferguson, Jr., Joe Sam Gray, Delbert Kite, J. C. Hodnett, Floyd Smith, James Newsome, and Frank Campbell. These are good feeder calves and should make a good showing next year.

The Women's Missionary Society of the First Baptist Church will send eggs to Buckner Orphans' Home, Tuesday, April 30. All who will donate eggs leave them at Wilkerson's Grocery, Safeway or Albritton's Food Store not later than Tuesday morning.

—Committee—

Rev. Henard E. East, pastor of the Hamlin Baptist Church is holding a revival meeting in Forsan this week and next. His place in the pulpit will be filled by a visiting minister this Sunday, and by a layman next Sunday morning.

Mrs. C. C. Prater was taken to the Sweetwater hospital last week end for examination and medical treatment. Several blood transfusions have been given and it is thought possible that more will be necessary.

Hamlin FFA Boys Won 1st A. & M. Livestock Judging

Odessa Lions Nominate Fly For District Gov.

MURRY H. FLY

Superintendent Fly says that his dream has come true—the dream of directing a school system where in several thousand children are given the best of educational opportunities, in a district which is termed "the pride of Texas." Mr. Fly has also been named a candidate by the Odessa Lions Club for the outstanding honor of serving District 2-T of Lions International as District Governor for the year of 1940-41.

Let us decide honestly what we can do, and then do it with all our might.—Amelia D. Barr.

The Hamlin F.F.A. Chapter was well represented at State Judging contests held at Texas A. & M. College Monday, April 22. The following boys made the trip. Livestock team: Daron Switzer, S. C. Ferguson, Jr., and Glen Winslett. Dairy team: Jack Vaughn, Robbie Gill and Roland Kennedy. Poultry team: Dawse Switzer, Weldon Wainwright and Mac Sellers. H. L. Ford acted as alternate. The teams were taken in cars of Director R. H. Campbell and Coach M. W. Smith. Thanks to the Rotary Club, Lions Club and Chamber of Commerce for their support in a financial way.

The Livestock team with a total score of 3225 points or an average of 89 11-36, won their contest. This means that the Hamlin boys will represent the State of Texas in the National Judging Contest at Kansas City Royal Livestock Show next fall. These boys and Mr. Campbell will receive passes on the Santa Fe Railroad and their expenses paid by the state department. This is an honor which was well earned because the boys were faithful workers and put out their best. They will do their best to bring higher honors to Texas and Hamlin.

In winning this contest the team competed in judging twelve classes of animals. Four classes of Beef Cattle, four classes of Sheep and four classes of Hogs. In beef cattle the team averaged ninety-one points out of a hundred. In sheep the team averaged eighty-three and 3-4 and in hogs they averaged ninety-one. This is a splendid average for the boys.

School Holiday and Trips Coming To Hamlin Juniors and Seniors

Friday, May 3, 1940 has been set aside by the Hamlin School Board as a holiday. The purpose of this day is to allow the Seniors and Juniors to take their annual trips without so much interference with school work. Then, it is to allow the students and teachers an opportunity to check up on their work and resources before the grind of the last weeks of school. Finally, it will give the teachers not otherwise occupied an opportunity to visit some of our neighboring schools and see what type of work they are doing and so improve our own standards.

PROPERTY SHOULD BE RENDERED

Have you rendered your property for school taxes? If you own real estate, merchandise or a car, please report to the office of the school superintendent that we may bring or send you a rendition sheet.

Your schools will be what you make them and unless sufficient ren-

ditions are made of property on which we may collect taxes, your school will fall below the standards set by the State Department of Education and the boys and girls of Hamlin will be penalized.

VOCATIONAL AGRICULTURE DEPARTMENT GETS CREDIT

We are in receipt of a letter from Mr. Roy B. Mefford, Area Supervisor whose headquarters are at Stephenville, Texas.

Mr. Mefford informs us that our work is satisfactory in Vocational Agriculture and he accordingly is recommending to the State Department that we be allowed an additional credit in this work. It is now possible for a student to earn four credits in this very practical work in Hamlin High School.

We are happy to congratulate Mr. Campbell on his achievements this year.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

When an official announces that he will not seek office again, that's something. There are more men who are "retired from office" than "retire" of their own free will. There is something about holding office that gets under most men's skin and it is as hard to get rid of as "eczema." The best way to cure it is to beat it out of 'em with a bunch of ballots.

—T&T—

Now here is a rare case. The honorable Lon Smith, member of the Railroad Commission announces that he will not seek office again. That's something. It is so rare that it merits editorial comment. Lon Smith is an household word in Texas. Lon Smith is one of Texas' greatest men. He has proved it. He proves it again when he says he wants to have a little life "all his own" after serving Texas in various positions for 45 years. Here is a quotation from his announcement:

"I began my career as a public servant when a youth of 17 years, teaching school in my native county, Rusk, for thirteen years. Following this profession, I served my native county three terms as County Clerk. The people of my senatorial district elected me twice to represent Harrison, Rusk, Panola, Gregg and Shelby Counties. I was elected twice as

State Comptroller, and since 1925, I have been a member of the Railroad Commission of Texas. It appears to me that forty-five years devoted to public service should be sufficient toll from one's life."

—T&T—

There you have it. First 13 years a school teacher, three terms county clerk, two terms as senator, two terms as comptroller, and 15 years a member of the Texas Railroad Commission. Did anyone ever hear of Lon Smith being accused of something questionable? He has proved himself an outstanding, fair and honest gentleman, whom to know is to esteem and honor.

—T&T—

Most newspaper folks meet up with embarrassing situations frequently whereby somebody wants something put into print under the queer guise of "news" when as a matter of fact it is purely an advertising scheme, better than if paid for in gold. Folks are funny that way. The source of a newspaper's income is from advertising and it could be possible for a paper to make a fake news item of every article, every statement and everything that ordinarily comes out as display advertising, and relieve anybody from paying for advertising. Any wide-awake newspaper delights to give public print to anything and everybody when there's news in it, regardless of whether they ever advertise or not.

—T&T—

The other week we made a news item of a certain man who was rendering good service to those who pay him, and in a way he was serving you and me without pay, so he deserved a compliment. It was free to him, but the good word made him money.

—T&T—

Every week somebody anxiously asks Ye Ed if we think our country is going to get into war. Of course not, if England and France and

Hon. Thomas L. Blanton Announces For Congress of the 17th District

Below will be seen the formal announcement of Hon. Thomas L. Blanton who seeks to return to the post he held for nearly twenty years. Mr. Blanton states his platform in a concise manner and no doubt will make the voters of this district.

Platform Of THOMAS L. BLANTON Candidate For Congress

TO VOTERS OF THE 17TH CONGRESSIONAL DISTRICT:

Many who voted against me in 1936 now urge my candidacy. You have an investment in my knowing all the rules and precedents of Congress, my intimate familiarity with the business of government, and my long personal acquaintance with its officials. For 3 years at home I have made a close study of the problems of our farmers, laborers, business men, ranchmen, oil men, professional men, railroad employees, truckers, unemployed and aged in this district, and have gathered a store of valuable information, which should make me better qualified now to serve you than ever before. I have good health, love to work, am not a politician, was district judge 8 years, represented in Congress 71 different counties in Texas running from El Paso to Stephenville, giving me wide experience, and I have faithfully kept all campaign pledges.

1. For centuries in Europe selfish despots have waged cruel wars of aggression. They will likely continue for centuries to come. Wilson was re-elected in November 1916 on the slogan "He kept us out of others near Germany can do the job . . . otherwise, then and maybe then, after a long time we may. Our U. S. is not seeking a fight, and will take a lot off a big bully but not too much.

—T&T—

Now let's talk about "Our Town." Congratulations to everyone who has assisted in the clean-up. Now if a prize was offered for the greatest change in looks because of the clean-up we would vote for that

war," yet in April 1917, he was persuaded to urge Congress to declare war. We can't "make the world safe for democracy." No true American would oppose a defensive war to repel a foreign invasion of the United States. But Europe's war is not ours. We must stay at home and attend to our own business.

It is easy to propagandize war. After National elections are safely over, selfish interests that reap profits out of war, will find some way to incite a message from the White House urging Congress to declare war. Then will come the frenzied cry to Congress, "Stand by the President!" A war atmosphere ensues that denounces as "yellow" any congressman who dares to oppose the war program. Calm, intelligent, debate is impossible. Thus declarations of war are hurriedly pushed through Congress. After Congress declares war, it is treason to protest, or talk against it, or refuse to fight. Young men then must die, and parents then suffer more than death. And they never get over all of its sorrows. Many posted experts firmly believe and prophesy that Congress next Spring will be urged to declare war. Fathers and mothers must take steps now to prevent a foreign war.

I solemnly give my pledge to the fathers and mothers who suffer at home, and to their sons who are sacrificed abroad on battlefields of horrors, that if I am nominated in July, I will begin at once to organize Congressmen against this war, and will use every means humanly possible in Congress to see to it that the flower of young American manhood is not sent across oceans to fight other nation's foreign wars.

2. Old Age Pensions were origi-

block just east of the Herald office. It no longer has thirty tons of old rusting, ragged discarded automobiles, among which lived rats, flies and mosquitos, and furnished a place to catch the tons of wild paper that Hamlin folks recklessly throw out. There are other vacant lots that still need attention. It may not be appropriate to ask a citizen to contribute a dime to clean up somebody's old lot, but a dime offered on that line would be a good investment.

—T&T—

Here is an idea: Suppose every vacant lot owned by a resident man or woman should have a "tag-sign" on it saying "this vacant lot belongs to Mr. or Mrs. So-and-So." If it was clean and park-like they would be proud of it. If it was nasty, bushy ugly, they might get busy and make it look better. Such a sign would be a severe penalty, we admit.

—T&T—

It now looks like the "governor crop" is about planted. Try your luck on picking the winner and here they are, according to the most recent listing in "Capitol Comments": O'Daniel, Hines, Ferguson, Sadler, McGraw, Derden. It seems that nobody else is going to "wade in." Take your pick. No one is likely to be nominated except a name's on the ticket. It now appears that the popularity of the candidate is going to depend upon what the individual stands for in taxation. Nobody wants any extra taxes and everybody wants the state out of the red without taxing "me" any more. The way to do it is to get a greater number into the pay line and make a big job easy on all. There is only ONE way to do THAT. A general sales tax, except on foods and actual prescribed medical treatments. The "who" to be governor counts, but little depends upon that official.

—T&T—

If Hamlin is to outsmart the mosquito, everybody must clean out, clean up and keep clean. The best time to start is NOW.

nated by Congress, and are a Federal problem. The aged pensioners of every State should be treated alike, receive \$30 each from the Government, not be discriminated against by arbitrary administrators and state legislatures, and taken out of state politics. Texans are more than doubly taxed in financing a costly state administration, and an expensive government administration. I pledge my best efforts to amend this law, as originally intended by Congress, to pay every old age pensioner in all states \$30 each month by the Government.

3. I pledge that I will do everything possible to require all social security funds now being paid into the Treasury, to be safeguarded and spent by the Government only in discharging social security obligations.

4. Through strikes, violence, sabotage, and threats of defeating all candidates who won't agree to obey their orders, radical labor leaders have forced the passage of drastic laws, which, instead of benefiting labor, have stifled business, closed thousands of enterprises, and put out of jobs and made penniless four-fifths of all the laborers in the United States. Our Labor Department has been so antagonistic to business men, they have realized that they can get no Government protection from sit down strikes, and other ruinous practices. No business can long survive the Wagner Act. The N. L. R. B. has been friendly with agitators. Men with capital have preferred to invest their money in tax exempt bonds, when they are not allowed to select their own employees for individual efficiency, but must take what the union gives them, when unsatisfactory or incompetent employees can't be discharged without union consent, and when John L. Lewis can force happy and contented employees to be unionized against their wish, and pay union dues. Thousands of owners have closed up their business. In Pennsylvania a turnpike was built to aid 6000 needy farmers. Labor leaders required these farmers to join a union, and pay \$15 initiation fee, and \$1.50 dues per month, before they could work. Such drastic laws benefit only

1-5 of all laborers, while the other 4-5 are sacrificed, deprived of jobs, and go hungry. With work curtailed our splendid union men in this district earn less each year.

General unemployment hurts everybody, farmers especially. There can't be jobs without employers. There can't be pay rolls without employers. There can't be proper purchasing power in the people without employers. Yet drastic laws have run many employers out of business. Millions of citizens are without jobs, with no purchasing power to buy farm products. I pledge that I will work to counteract the radical influence of our Labor Department, to repeal the Wagner Act, to repeal the N. L. R. B., to remove the throttle hold which such radicals as John L. Lewis has upon the throat of our Government, and to encourage business to reopen factories and enterprises that again will furnish jobs to the millions of unemployed, and at the same time safeguard all legitimate rights and interests of union labor.

5. I pledge the farmers that I will strive to have returned to them, both owners and tenants, the control and management of their farms, and to use the millions of dollars now wasted in overhead in providing adequate markets for all farm products.

6. I pledge the independent oil producers that I shall help them with their program, and fight against government domination.

7. During the past three years hordes of aliens have come into the United States unlawfully, and Frances Perkins refused to deport well known Communists. I pledge to do all possible to safeguard American jobs for Americans.

8. Since 1936 Congress has widely appropriated the stupendous sum of \$11,971,000,000.00 more money than our receipts, which huge deficit the Government must borrow, and when financed will raise our public debt far above the lawful limit, and which if continued inevitably means government bankruptcy. I pledge the people my best efforts to keep our annual spending within our annual income. Thank you for your support.

WISE CHAPEL NEWS

By Catherine Drake

All the farmers are very busy planting their crops.

Miss Minnie Hayes and Lamar Hayes of Flat Top spent Sunday with Mr. and Mrs. Joe Bonds.

Miss Margaret Patterson spent Saturday and Sunday with Marion Wells of Hamlin.

Several from this community attended the Singing at McCaulley Sunday.

Mr. and Mrs. Kelly Scott and family of Flat Top took dinner with Mr. and Mrs. J. B. Hale and family.

Miss Juanita Patterson spent last Tuesday night with Mr. and Mrs. Edgar Crews and daughter.

Miss Catherine Drake returned home Sunday from a visit with her friends, Mrs. Vida Smith and family at Aspermont.

Several from this community attended the play at Dovie Thursday night. They reported a good play.

L. C. and Joe Junior Bonds went to Vernon and Wichita Falls Monday. L. C. stayed to look for work. Aaron Jobe has been on the sick list.

A Tub Garden Will Aid Your Garden

Have you planned for a tub garden? Mrs. R. J. Beattlett, co-operator in the Union home demonstration club is ready to plant around her tub. Use old tubs that do not leak in the bottom, and if they do, you may stop the leaks with concrete. Cut three to five slashes about half way up from the bottom at equally spaced intervals around the sides. Dig a hole where you want the tub garden, and dig it deep enough so about 2-3 of the tub is below the ground level. Set the tub in the hole and fill it about 3-4 full with barnyard manure. Cover this with 2 inches of good rich soil. Set out one tomato plant 8 to 10 inches from each gash. Squash, cucumbers, and other vegetables may be grown in the same way.

The plants are watered by pouring water into the tub, and letting it seep through the gashes. Mrs. Andy Sprayberry of the Oak Grove home demonstration club has 4 tubs lowered in her garden and plans to raise tomatoes, cucumbers and peppers around hers. If you have an old tub, barrel or oil drum, why not try that?

Dora Rhoton, clothing demonstrator of the Wise Chapel 4-H club has greatly improved her clothes closet. She lowered one shelf in the top of her clothes closet, and painted it. She papers the inside of the closet with light colored paper, and painted the floor and rod. She has made two hat stands and also two shoe racks that run the length of the clothes closet.

Keep the Dollars Rolling

By this time, the old rumor that a banker's greatest pleasure in life is to refuse a loan, should have been thoroughly exploded.

Perhaps never before were banks so eager to make sound loans, and to put the money for which they are trustees, to productive use. The typical commercial bank of today advertises constantly for business — issues leaflets and other literature — and does everything possible to attract and serve the legitimate borrower.

Figures back up that statement. During the first half of last year, more than 14,000 loans were made during every banking hour by 41 per cent of the nation's commercial banks covered in a survey. The 6,000 banks reporting made close to 6,000,000 new loans totaling more than \$1,000,000,000—renewed over 5,500,000 old loans totaling almost \$7,700,000,000, and issued over 127,000 mortgage loans totaling \$412,000,000. This amounted to the incredible sum of \$18,000,000,000—all in a six months period.

It is obvious that the banks cannot loan to the insolvent business, or to the prospective borrower with a bad credit and character record. But the man who is entitled to a loan, under the terms of state and Federal law, need not worry about getting the money he needs for any sound purpose. It's ready and waiting.

The point is that today banks are not only willing to make loans—they are eager to do so. And the record proves it.

Knowledge is a steep which few may climb, while duty is a path which all may tread.—L. Morris.

Hamlin Boys Training In Army Air Corps

Howard E. Crow of Hamlin, Texas, has just been selected to pursue a course in Airplane Mechanics at the Air Corps Technical School, at Scott Field, Illinois, according to an announcement by the Commanding officer of Hamilton Field, California.

Crow, who is the son of Mr. and Mrs. Earl Crow of Hamlin, was born in Caddo County, Oklahoma, and attended Hamlin High school. He enlisted in the Air Corps at Los Angeles in April, 1940 and has been at the West Coast Air Base since.

The course of instruction Crow is to undertake will qualify him as Airplane Mechanic and will be a boost toward higher rank and pay in his military career. He has been for some time on duty with the 11th Bombardment Squadron at Hamilton Field as Engine Mechanic. He traveled in a huge Army Flying Fortress from there to Scott Field, Illinois.

John Murphy Renfro

(By request of a member of the J. M. Renfro family, additional details of their father's life are printed below.)

John Murphy Renfro was born in the state of Tennessee, April 22, 1852. Died in a hospital in Wichita Falls, April 16, 1940. He had been in ill health about eleven months.

"Mr. Renfro moved to Texas with his parents when a small boy and settled in Delta County, where he lived till moving to Jones County in 1901.

"He was married to Emma Dyle at the age of 23. One child was born to this union. Mrs. Renfro lived only a short time and he later married Mollie Harmon. To this union five children were born, and the surviving ones are: Mrs. E. K. Whittenburg, and W. J. Renfro of Hamlin; F. L. Renfro of Knox City, and J. B. Renfro, Texaco, New Mexico. His wife died in 1925. Following her death he made his home with his children up to the time he was placed in a hospital where he remained till his death, which was directly caused by pneumonia. He is also survived by ten grandchildren and six great-grandchildren.

"Relatives and friends from other places were a granddaughter, Mrs. Paul Smith and husband from Breckenridge. A niece, Mrs. E. A. Watson and husband from Crosbyton, and Mr. and Mrs. George Britton of Roby.

"The pallbearers were John R. Brown, Barney Beavers, George Poe, Matt Downey, Henry Fields and Boss Carter. Following the funeral by Rev. Ottinger, pastor of the Neinda church, interment was in the Neinda Cemetery by the Barrow Co."

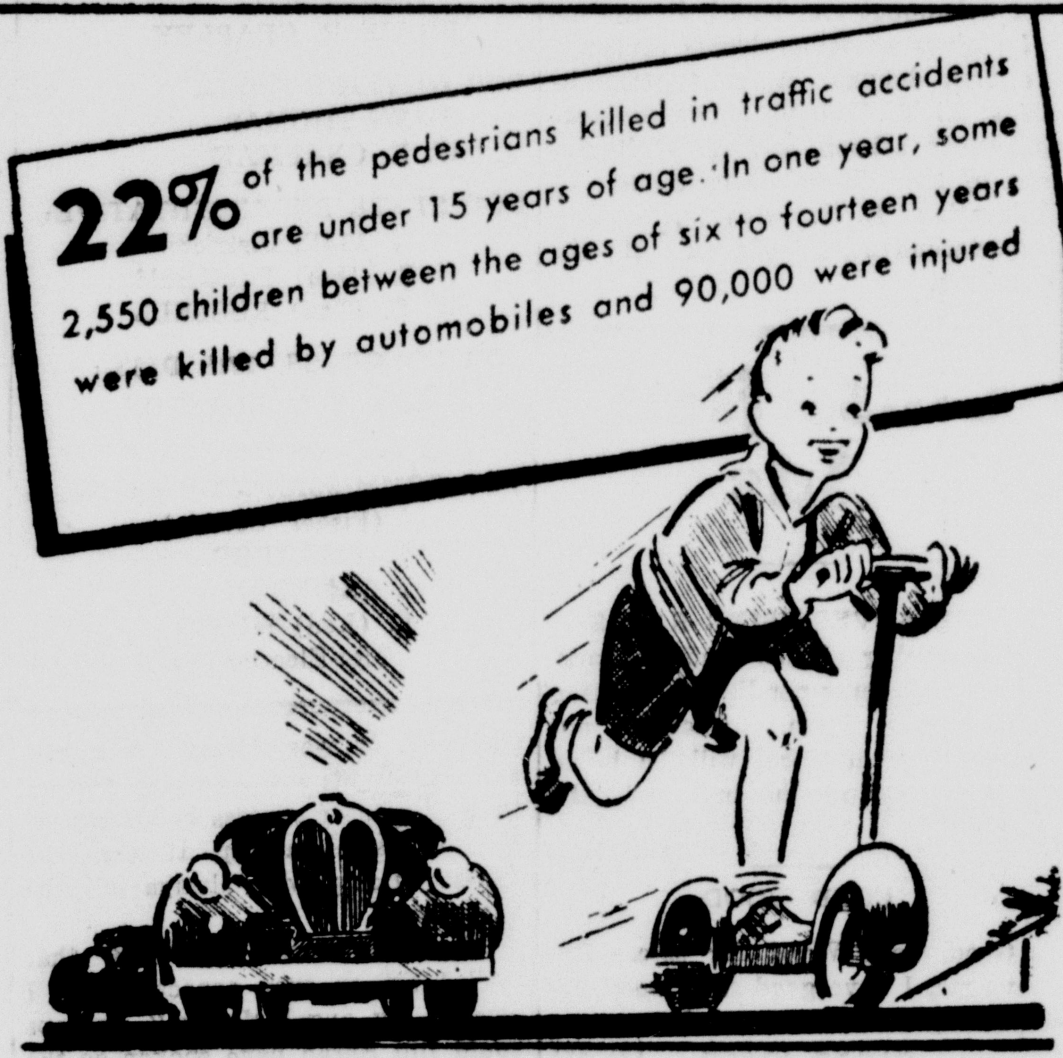

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

It is the little things well done that go to make up a successful and truly good life.—Theodore Roosevelt.

Many of the three thousand employees of Lone Star Gas System operate cars and trucks as part of their daily work. As most of these operators are heads of families with children of school age, they are doubly interested in safety on our streets and highways.

Their acceptance of their responsibility for traffic safety is indicated by the company's record for 1939—a total of 12,269,068 miles of driving without a single fatal accident. Moreover, during 1939 company's automobiles traveled a distance equal to fifty times around the world and were involved in only nineteen accidents resulting in personal injury.

Drivers of Lone Star Gas System automotive equipment take part in a continuous program of training in safety consciousness and accident prevention to make their home town a safer place in which to live.

We heard about this: A man was complaining about a sandstorm and a young high school girl said to him: "Why a sandstorm is beautiful if you look at it just right." Perhaps this young lady is right and we of West Texas have not been observant enough to see the beauties of a good old West Texas sandstorm—anyway if we are going to have 'em then at least we can claim the distinction of having the most beautiful sandstorms to be found anywhere.

There was also the little grammar school boy who was "cussing a blue streak." Rebuked by another grammar school pupil and told that he must not cuss he replied, "Why can't I cuss as much as I want to? Dad and mother cuss all the time and if they can then I can."

manhood. It was "Mary" who had marched by his side, spurring him on to ever greater success in his chosen field of statesmanship. It was the self-sacrificing wife always in the background.

Abraham Lincoln once said that "All I am or ever expect to be, I owe to my angel Mother." Perhaps could Bill Borah have spoken as the dark messenger of death neared, he would have paraphrased Lincoln and said, "All that I may have accomplished has been due to the devotion of my wife."

It ever has been the wives and mothers of men who have given them the kiss of farewell as they started to war. It has been these devoted "Marys" who have smiled bravely through the tears a farewell to the son going away to begin his career. It has been these "Marys" who in childhood have inculcated the high ideals of living and the importance of a Christian civilization in the little minds of their young.

Every boy in the vision of his "Mary" is destined to be President. They don't reach that goal, but when they reach the estate of honorable manhood and serve their country in war and peace they are the bulwark of civilization, and all the praise goes to the "Marys." "Mary" means civilization.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

Religious Activities

At Texas University

Austin, Texas, Feb. 19—Although The University of Texas is not a sectarian school, many of its graduates move into the religious field, either through foreign missions, the ministry, the seminary or religious publications, a survey being made by the school's committee on student religious life shows.

The project, directed by Miss Mary Decherd, chairman of the University's committee on student religious life, will add religious biographical data on ex-students to the professional files in other fields. More than 200 responses from letters to 400 persons shapes the work into a "pricking point" for the theory that the majority of religious workers are graduates of church schools, Miss Decherd explained.

The University's religious program includes Bible courses, church-sponsored student activities, Young Men's and Women's Christian Association work, and a supervisory program of the committee on student religious life.

University credit is given for Bible courses taught by the Association of Religious Teachers—composed of professors from four Bible chairs—Wesley, the Methodist training center; Townes, Baptist; Newman, Catholic; Texas, Christian; and Presbyterian, taught at the Austin Presbyterian Theological Seminary.

Young Men's and Women's Christian Association activities, including class councils, clubs, discussion groups, personal counsel, and affording men's dormitory quarters, provides an introduction for students into religious and social activities.

Directing student religious activities, the University's nine-member faculty committee supervises the annual addition of 40 religious books and donates denominational periodicals to the library checks religious activities at other schools, and stimulates Sabbath-keeping on the campus, Miss Decherd explained.

Car Owner May Lose

Cash Trying To Get Final Miles From Tires

That 90 per cent of the car owner's tire troubles are likely to occur in the final 10 per cent of his tires' life has been conclusively proved in laboratory, road tests and in actual user's mileage records, according to Bill Thomas, local Good-year dealer, who this week announces that he has a 90-10 offer to make to car owners to help ban unfit tires from the highways and streets of the community.

"What we mean by 90-10 is, that the owner often thinks he is saving money when he continues to drive on tires which have about 10 per cent of their total mileage remaining. Whereas, he is very likely taking a 90 per cent gamble that he won't have either a blowout, a bad skid, or at best the inconvenience of a flat tire at some time when he can least afford it.

"That remaining 10 per cent mileage gamble isn't worth the worry and possible expense it might cause the driver. I am not trying to scare anyone into making tire replacements, but I am certain that, with warm weather coming along, tires will give up more quickly, because heat soon discovers worn tires' weaknesses," concluded Mr. Thomas.

Miss Betty Myrle Routh And Leslie Shelburne Married Sunday

Miss Betty Myrle Routh and Mr. Leslie Shelburne were united in marriage, Sunday, April 21, at high noon in the First Baptist Church. The impressive ring ceremony was read by the pastor, Rev. H. E. East at the conclusion of the morning service.

Preceding the ceremony Mrs. W. C. Russell sang "At Dawning," accompanied at the piano by Forrest Greenway, who also gave the wedding music.

The bride wore a navy blue dress of sheer chiffon with white and navy accessories. Her flowers were a shoulder corsage of white carnations.

Miss Dorothy Fern Routh, the bride's sister, was her only attendant. She wore a navy frock with white accessories.

The groom was attended by his brother, Delma Shelburne.

Mrs. Shelburne is a daughter of Mr. and Mrs. Tom Routh, of Hamlin. She is a graduate of the Hamlin High school and attended Mary Hardin-Baylor College, Belton. For the past two years she has been employed as secretary for the Hamlin Baptist Church.

Mr. Shelburne is a son of Mr. and Mrs. Tom Shelburne of this city. He is also a graduate of the Hamlin High school and attended John Tarleton College in Stephenville. At present he is associated with his father in Contracting and Building.

Following the ceremony a luncheon was held at the home of the bride's parents, south of Hamlin.

Out-of-town guests were Mrs. T. J. Routh, Mr. and Mrs. Carl Holden and sons, Jack, Don and Jean, of Abilene; Mr. and Mrs. Will E. Routh, of Amarillo, and Mr. and Mrs. Joe Routh and son Joe B., Jr., of Sweetwater.

Busy Bee Club

The Busy Bee Quilting club met on April 17 in the home of Mrs. O. L. Jenkins. There were seventeen members and seven visitors present. The next meeting will be with Mrs. David Whitaker on May 1st. Each member is urged to be present and visitors are always welcome.

Birthday Dinner Honors Miss Marie Jo Branscum

Mrs. S. E. Branscum honored her granddaughter, Miss Marie Jo Branscum, with a birthday dinner, Sunday, April 21. The table was centered with a lovely birthday cake decorated with pink roses and candles, presented to the honoree by Mrs. J. A. George.

Those calling during the day were Mr. and Mrs. J. A. George and children, Jimmy Dee, Betty, and Callens; Mr. and Mrs. D. W. Richardson and son Glen; Mr. and Mrs. U. S. Branscum and daughters Sue, Floye and Betty of Roby; Messrs. Lum Alford of McCaulley, Leonard Meeks and Richard Young, Jr.

S. S. Class Picnic

Mrs. G. P. Odom entertained her Sunday School class, Tuesday, April 23, with a picnic at the City Park, at 4:00 o'clock.

Those present were Wanda Wade Abbot, Patsy Ruth Gibson, Billie Glyn Chambers, Helen McCray, Bernice Gillis, class members, and Frankie Sue Madden, a guest.

Seniors Will Visit Carlsbad Caverns

Hamlin High school seniors will leave Thursday morning, May 2, for the annual class trip to visit the famous Carlsbad Caverns. According to present plans they will return Saturday. Two nights will be spent in the city of Carlsbad at the Rio Vista Courts, and two school buses will be used, as about 60 pupils are expected to make the trip. Names of those going will be published next week.

Chaperones will be Frank M. Lawlis, Miss Doris Pope, J. Ubben, Mr. and Mrs. Tom Holman and Mrs. M. Y. Wilson.

Seniors Will Attend Hardin-Simmons University Day

Members of the senior class of Hamlin High School will go to Abilene Saturday to attend Hardin-Simmons University Day. At this time all departments of the University will be open for inspection. An interesting program and free barbecue at the noon hour will be part of the entertainment.

The trip is made possible through the courtesy of the Hamlin Baptist Women's Missionary Society.

Chaperones will be Miss Doris Pope, Miss Loucille Willis, Mrs. M. Y. Wilson and Mrs. V. V. Anderson.

Hamlin Student Wins Baylor Room Contest

Named as a winner in the "most attractive room contest" in the Residence Halls at Mary Hardin-Baylor College was Miss Bessie Joiner, daughter of Mrs. J. J. Joiner, of Lott, recently of Hamlin. Bessie's room was selected as one of the most attractively decorated in Ely Pepper Residence Hall.

Judging of the rooms is based not on the amount of money spent on decorations, but on the ingenuity used in the decoration, the originality, arrangement, color and individuality of the rooms. The contest is carried on as a part of the Poise and Personality program at the college. Unexpected trips were made to the rooms by the judges during the contest. Bessie is a freshman student in home economics at the college.—College News Bureau.

Mr. and Mrs. W. C. Jackson of McCaulley received a message that their daughter, Mrs. R. B. Tanner was the mother of a fine girl, born at the Dalhart hospital Friday, April 19. This is Mr. and Mrs. Jackson's first grandchild. Mr. and Mrs. Tanner are "bankers" at Dumas, Texas. Mrs. Tanner before her marriage was Mary Ellen Jackson.

Misses Ethel and Clonell Harris, long distance operators for the S. W. Bell Telephone Company in Dallas, came up Saturday to spend three weeks on their vacation with their parents, Mr. and Mrs. R. L. Harris.

Arthur Burns Home Burned Last Friday

About ten o'clock last Friday morning the residence of Mr. and Mrs. Arthur Burns was seen to be on fire. This house is located on north Jackson Avenue, and a long run for the fire department. The house was ablaze all over by the time the fire truck arrived, but within about five minutes after the water started from three lines, the fire was out.

Neighbors were quick in response and a greater part of the household goods were saved.

SPORT REYNOLDS' HOUSE BURNED IN EAST HAMLIN

We are reminded that a news report of the loss of Mr. and Mrs. Sport Reynolds' house in East Hamlin has not been mentioned. This fire loss took place two or three weeks ago, and this family is grateful for the response the people made to their loss. Their house was on the former Hamlin-Stamford road out of Hamlin.

Hamlin Couple Attends Chiropractic Congress

Dr. and Mrs. Don Gould are very enthusiastic about the big Chiropractic Congress of the Southern States that meets in Fort Worth Saturday and Sunday. They are leaving Friday to be there for every available part of the programs.

Prominent speakers will include Dr. J. R. Drain, president of the Texas Chiropractic College, at San Antonio; Dr. B. J. Palmer of Davenport, Iowa, son of the founder of chiropractic. A number of other prominent will be heard, according to Dr. Gould, and evidently this occasion will be one of the greatest for Chiropractors ever held in Texas.

—Notice—

My office will be closed from 5:30 P. M. Friday until 10:00 A. M. Monday for the purpose of attending the Chiropractic Congress at Fort Worth.

MIRACLE OF COTTON FILMED IN COLOR

"THREADS OF A NATION" FOLLOWS COTTON FROM FIELDS TO FASHIONS

THE miracle of cotton from the fleecy white bolls on the Southern plantation to milady's latest fashions, has just been filmed in natural color and is being released to motion picture theatres throughout the country. It is called "The Threads of a Nation."

The ten minute reel depicts not only the magic transformation of cotton from raw material to queenly raiment, but also shows the historical growth of the immense cotton empire of the South upon which millions of persons depend for livelihood.

Featured are the intricate machines—ginning, weaving, dyeing and printing—whose almost human ingenuity and artist's genius clothe the nation. The picture is the life story of personal garments and useful fabrics, first blooming in colorful fields, then spun into endless threads, woven into fetching patterns, dyed with beautiful colors and printed in gay designs. So far flung are the processes of cotton manufacture that it took nearly six

months to make this ten minute "short."

Popular in treatment throughout, "The Threads of a Nation" is the first of a series of screen entertainments recording the cultural and economic attainments of the cotton textile industry during the past few decades. The film gives a background for a clear understanding of cotton's essential usefulness to the consumer and the economic significance of one of America's basic commodities.

News of the Week From the McCaulley Community

(By PAULINE MABERRY)

The T. H. Randolph family were greatly saddened in the passing of their mother and wife, Mrs. Miranda Randolph. Mrs. Randolph lived in Fisher County when she was a young girl, and after her marriage moved with her husband, T. H. Randolph to the Plains. They have been living around Midland for quite some time. Charles, of Three Rivers, Mrs. Fanny Drummonds of Stanton, Matt of Stanton, Blanche and family of Arizona, Elvin of Stanton, Cecil of Dallas, and the husband, Henry Randolph, survive. Mrs. Randolph was 63 years of age. The body was carried to Carrol Lee's for funeral services Saturday about 2:00, and was buried in the Neinda cemetery. Relatives and friends extend sympathy to the saddened family.

Frank Maberry, Jr., and Miss Sue Beth Harris of Roby were united in marriage last week. They will make their home in McCaulley.

The W. C. Jackson family were happily informed last Friday that they had an addition to the family. Mr. and Mrs. Raymon Tanner of Dumas have a baby girl. Her name is Anita Kay.

Mr. and Mrs. D. L. Smith and family have moved to Rotan where he has taken the mail route.

Melvin Courtney started Monday as regular mail carrier for McCaulley.

Misses Lorene Wicker and Pauline Maberry spent Saturday and Sunday with Miss Joyce Andress of Hamlin.

Mrs. Barnes was happily surprised Sunday when her children came to see her, all of whom were present except Cora and Jack. This was not a prearrangement, just a coincidence.

The seniors, juniors and members of faculty and trustees made a trip to the Carlsbad Caverns. They left early Friday morning and returned Sunday afternoon. Everyone reported a swell time.

Mr. and Mrs. J. O. Jones visited in Slaton with relatives last week. Whiteley Lorenz will fight in Abilene again Thursday night.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Hilton Hotel, Abilene, Friday, only, May 3, from 9 A. M. to 6 P. M.

Mr. Shevnan says: "The Zoetis Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge

Peaches Seem To Be Killed By Late Cold

Wednesday Mr. and Mrs. J. C. Fielder, in the neighborhood about five miles from Funston, east of Anson, were in Hamlin looking after their insurance on their peach crop. Insurance against hail. But Mr. Fielder finds that his peaches are all hollow. That is, the kernel is black and smaller than the space it occupies. This means that every peach like that is to drop off in time. However they are apparently growing, and if they should make fruit, the kernel will be absent. He says about 98 per cent of the crop is thus affected. Peaches in Hamlin look the same way. Other fruits and berries are not injured.

The Swedonia School Visited In Hamlin

The 7th, 8th and 9th grades of the Swedonia school spent the entire day Thursday, April 11, visiting various places of business in Hamlin. Educationally it was one of the best days the pupils ever experienced. From a standpoint of enjoyment it could hardly be surpassed. The pupils were extravagant in their praise of all hosts with whom they visited. Points visited were the Post Office, telegraph office, Theatre, hatchery, bakery, bank, office of the water works, Johnson Garage, and the oil mill. They were accompanied by John B. White, principal, and Harve Redus, bus driver.

Boyd Chapel H.D. Club

The H. D. club met in the home of Mrs. Bob Milstead April 10, at 2:30 P. M. with eleven members and 3 visitors present. Roll call was answered by displaying various assortments of kitchen equipment.

Mrs. C. D. Bingham demonstrated how to park a car parallel. Mrs. J.

P. Cornelius and Mrs. T. T. Bingham spoke on waging war on flies and ants.

Miss Martin could not be present but will be with us our next meeting. —Reporter
